

# Professional Certificate in Lean Enterprise

**Free Information Session:** Friday, Feb. 17, 2012, 9-10:30 am

Email [lean@sdsu.edu](mailto:lean@sdsu.edu) or call (619) 594-1153 to register

Lean is the removal of waste with a focus on the customer. Not only will customers benefit from the applications of Lean, but business performance will improve. This is a heavily interactive course with simulations and games designed to facilitate hands-on learning.

## Certificate

The certificate requires individuals to attend all training; pass an assessment; work on a team project; and deliver results on, and present the project. The program includes one day of project mentoring and final project reviews.

## Course Objectives

- Learn Lean philosophy and methodology
- Obtain knowledge of the most common Lean tools and advanced Lean concepts
- See how Lean can impact bottom line and overall business processes
- Begin creating a culture of continuous improvement utilizing Lean

## The SDSU Advantage

- Free Lean mentoring sessions
- Nationally recognized team of dynamic, experienced instructors
- Lean administrative component
- See Lean in action – company tours
